Contents

VOLUME 11, NUMBER 1, MARCH 1986

J. R. BUSBY: A biogeoclimatic analysis of *Nothofagus cunninghamii* (Hook.) Oerst. in southeastern Australia 1

R. J. RAISON, P. V. WOODS AND P. K. KHANNA: Decomposition and accumulation of litter after fire in sub-alpine eucalypt forests 9

C. D. WOODROFFE: Vascular plant species-area relationships on Nui Atoll, Tuvalu, Central Pacific: a reassessment of the small island effect 21

M. FINLAYSON, P. CULLEN, D. MITCHELL AND A. CHICK: An assessment of a natural wetland receiving sewage effluent 33

J. A. TAYLOR: Food and foraging behaviour of the lizard, *Ctenotus taeniolatus* 49

L. J. WILSON: Movement and feeding patterns of *Epilachna cucurbitae* Richards (Coleoptera: Coccinellidae) on pumpkin and zucchini plants 55

B. G. COLLINS AND C. NEWLAND: Honeyeater population changes in relation to food availability in the Jarrah forest of Western Australia 63

M. D. FOX AND B. J. FOX: The effect of fire frequency on the structure and floristic composition of a woodland understorey. 77

A. N. ANDERSEN: Patterns of ant community organization in mesic southeastern Australia 87

VOLUME 11, NUMBER 2, JUNE 1986

R. C. RUSSELL AND P. I. WHELAN: Seasonal prevalence of adult mosquitoes at Casuarina and Leanyer, Darwin 99

D. C. MCFARLAND: The organization of a honeyeater community in an unpredictable environment 107

C. R. DICKMAN: Niche compresson: Two tests of an hypothesis using narrowly sympatric predator species 121

J. WALKER, J. A. ROBERTSON, L. K. PENRIDGE AND P. J. H. SHARPE: Herbage response to tree thinning in a *Eucalyptus crebra* woodland 135

D. M. J. S. BOWMAN, A. R. MACLEAN AND R. K. CROWDEN: Vegetation-soil relations in the lowlands of south-west Tasmania 141

A. J. DOWLING, A. A. WEBB AND J. C. SCANLAN: Surface soil chemical and physical patterns in a brigalow-Dawson gum forest, central Queensland 155

M. D. LOWMAN: Light interception and its relation to structural differences in three Australian rainforest canopies 163

S. VLAHOS AND D. T. BELL: Soil seed-band components of the northern jarrah forest of Western Australia 171

R. J. WHELAN AND R. L. GOLDINGAY: Do pollinators influence seed-set in *Banksia paludosa* Sm. and *Banksia spinulosa* R. Br.? 181

C. ZAMMIT AND C. W. HOOD: Impact of flower and seed predators on seed-set in two *Banksia* shrubs 187

G. H. PYKE AND H. F. RECHER: Relationship between nectar production and seasonal patterns of density and nesting of resident honeyeaters in heathland near Sydney 195

BOOK REVIEWS 201

VOLUME 11, NUMBER 3, SEPTEMBER 1986

M. H. ANDREW: Population dynamics of the tropical annual grass *Sorghum intrans* in relation to local patchiness in its abundance 209
T. D. AULD AND P. J. MYERSCOUGH: Population dynamics of the shrub *Acacia suaveolens* (Sm.) Willd.: Seed production and predispersal seed predation 219
T. D. AULD: Population dynamics of the shrub *Acacia suaveolens* (Sm.) Willd: Dispersal and the dynamics of the soil seed-bank 235
R. A. NOSKE: Intersexual niche segregation among three bark-foraging birds of eucalypt forests 255
P. E. R. DALE, K. HULSMAN, D. HARRISON AND B. CONGDON: Distribution of the immature stages of *Aedes vigilax* on a coastal salt-marsh in south-east Queensland 269
R. C. MAC NALLY AND J. M. DOOLAN: Patterns of morphology and behaviour in a cicada guild: A neutral model analysis 279
S. A. SHEPHERD: Movement of the Southern Australian abalone *Haliotis laevigata* in relation to crevice abundance 295
T. S. GROVE, A. M. O'CONNELL AND G. M. DIMMOCK: Nutrient changes in surface soils after an intense fire in jarrah (*Eucalyptus marginata* Donn ex Sm.) forest 303
THESIS ABSTRACTS 319
BOOK REVIEWS 323

VOLUME 11, NUMBER 4, DECEMBER 1986

D. C. MCFARLAND: Seasonal changes in the abundance and body condition of honeyeaters (Meliphagidae) in response to inflorescence and nectar availability in the New England National Park, New South Wales 331
R. W. ROGERS AND A. BARNES: Leaf demography of the rainforest shrub *Wilkiea macrophylla* and its implications for the ecology of foliicolous lichens 341
R. D. GRAETZ AND D. J. TONGWAY: Influence of grazing management on vegetation, soil structure and nutrient distribution and the infiltration of applied rainfall in a semi-arid chenopod shrubland 347
R. A. NULSEN, K. J. BLIGH, I. N. BAXTER, E. J. SOLIN AND D. H. IMRIE: The fate of rainfall in a mallee and heath vegetated catchment in southern Western Australia 361
T. D. AULD: Population dynamics of the shrub *Acacia suaveolens* (Sm.) Willd.: Fire and the transition to seedlings 373
L. R. FOX AND P. A. MORROW: On comparing herbivore damage in Australian and north temperate systems 387
M. H. ANDREW AND R. T. LANGE: Development of a new piosphere in arid chenopod shrubland grazed by sheep. 1. Changes to the soil surface 395
M. H. ANDREW AND R. T. LANGE: Development of a new piosphere in arid chenopod shrubland grazed by sheep. 2. Changes to the vegetation 411
